How the recruitment process will work

- *Online assessment*: all applications will be reviewed, and selected candidates will be asked to complete one-hour online exercises
- *Telephone interviews*: after the online exercises have been assessed, shortlisted candidates will be telephone-interviewed by a member of the team, before we potentially invite you to one of our second-round interview evenings at Fast Track's offices in St Clements, Oxford
- *Interview evening*: we will aim to hold multiple dates between now and **Wednesday 20 March** and beyond if need be, to accommodate as many candidates as possible. These interview evenings typically last from **5pm to 8pm**, and will include candidates from across the roles

The evening will start with a presentation about the company and the different roles, then candidates will have the opportunity to ask questions. This will be followed by one short written skills-based exercise (no preparation needed), a short individual interview, and a more informal chat with senior members of our team. (Note: these are not group interviews or tasks, merely a more efficient way for us to manage the time of our senior management team as we are recruiting for multiple roles)

- *Follow-up final round interviews*: all final-stage candidates for the more senior roles, and any other candidates where necessary, will be invited back for a final round of in-depth interviews, including with other members of the team
